GRAVES

Freshly Made Are Discovered in a Briar Patch Not Far from the City.

Two freshly made graves in a brief patch near the plant of the Owens Bottle Machine Company south of the city were discovered Sunday afternoon by R. C. Hoover, of Hickman street, who was taking an afternoon walk in that section. The matter was reported to prosecuting attorney A. Judson Finley, and an investigation will be made.

That the graves do not contain the bodies of animals seems to be established by the fact that no weeds in the vicinity are matted. A dead animal probably would have been dragged to the grave, thus mashing weeds in the vicinity.

One of the graves is a large one and the other a little smaller, according to Mr. Hoover. He estimates that they were dug three or four days ago.

VIRGINIA

Asks That Marshal of Federal Supreme Court Seize and Sell Property.

WASHINGTON, June 6.—The state of Virginia Monday formally requested the supreme court to direct its marshal to seize and sell sufficient of the property of West Virginia to pay of the \$12,593,000 judgment awarded in settlement of the old state debt existing before the division of Virginia. The application was taken under consideration.

Only one precedent exists for such proceedings. That was the order by which the marshal was directed to sell from the North Carolina capitol steps to satisfy a judgment on state bonds awarded South Dakota. In that case judgment was paid before the day of sale.

Attorney General Lilly of West Virginia, opposed the motion, explaining that his state has not been able to execute the court's judgment because the legislature had not been in regular session since. He declared moreover that West Virginia owned no property other than devoted exclusively to a public use which could not be seized upon or sold under execution.

Union Pledged to the Susan B. Anthony Amendment Opens Convention in Chicago.

CHICAGO, June 6.—The Congressional Union for Woman Suffrage, an organization pledged to the support of the Susan B. Anthony amendment to the federal constitution, opened its convention at the Blackstone theater Monday for a three days session during which time it is planned to form a body to be known as the woman's party. Tuesday the National American Woman's Suffrage Association, a federation of state suffrage associations, which favors a campaign for the adoption of suffrage by states, will begin a two-day session at the Princess theater.

The national association has prepared a plank calling for equal suffrage which will be presented to the Republican convention Wednesday at the close of the suffrage parade with the request that it be placed in the party's platform.

How You May Change Your Face Completely

Any woman not satisfied with her complexion can easily remove it and have a new one. The thin veil of stuffy, half-dead cuticle is an encumbrance and should be removed to give the fresh, vigorous, young skin underneath a chance to show itself and to breathe. There's a simple, old-fashioned remedy which will always do the work. Get an ounce of pure mercuric wash from your druggist and apply it at night like cold cream, washing it off in the morning. The wash will gently absorb all the lifeless skin and leave a healthy and beautiful complexion, as fresh as a child's. Naturally it takes with it all such facial blemishes as freckles, moth patches, sallowness, liver spots, pimples. It is pleasant to use, and economical. The face so treated soon looks years younger.

To keep the skin free from wrinkles there's nothing quite so good as the old reliable rascolite lotion. It is only necessary to dissolve an ounce of powdered rascolite in a half pint of witch hazel and bathe the face in this as required.

What He Found

"Having drunk an excellent cup of coffee" said a certain physician, "I found that I hadn't drunk coffee, but Postum!"

Numbers of people, like this doctor, have been pleasantly surprised at the pleasant aroma and snappy, Java-like taste of Postum.

And yet, Postum doesn't contain a particle of coffee—and better still, not a particle of the drug, caffeine, nor any other harmful substance.

Postum is made from wheat, roasted with a bit of wholesome molasses—a pure food-drink that is both healthful and delicious. A great many sufferers from headaches, "coffee heart," nervousness, sleeplessness and other ills brought on by the use of coffee with its nerve-destroying drug, caffeine, have found happy relief by quitting coffee and using

POSTUM

"There's a Reason"

Postum comes in two forms: Postum Cereal—the original form—must be boiled; Instant Postum—soluble—is made in the cup with hot water, instantly. The cost per cup is about the same, and both kinds are equally delicious when made right.
